### **VOLUNTEER WITH E&H FOUNDATION**

E&H Foundation ([www.enhfoundation.in](http://www.enhfoundation.in)) has been set up with the objective to enable affordable quality education and health services for the underprivileged in the state of Uttar Pradesh in India and aims to reach out to 100,000 children by 2025. In last 5 years, E&H Foundation has enabled quality education for approximately 17000 underprivileged children, with more than 50% being girl students, by supporting two models in Farrukhabad, Lucknow and Kanpur districts of Uttar Pradesh.

E&H Foundation recently launched a volunteer programme tailored to suit the needs and skills of each volunteer and will provide them deep insight into education policy and practice in the country, its impact on underprivileged children, current challenges, as well as an opportunity to be involved in a noble cause.

Other advantages of volunteering with E&H Foundation are: volunteer certificate; letter of recommendation; opportunity to apply for paid summer/winter internship; mentorship by our illustrious board members, who are a mix of corporate, economy, and banking sector.

Following is a list of activities volunteers can engage in, based on their interest. We do encourage volunteers to suggest other ways they would like to support the cause of quality education for underprivileged children. A minimum commitment of 3 months is expected from all volunteers. Feel free to get in touch with us at [volunteer@eandhfoundation.ngo](mailto:volunteer@eandhfoundation.ngo). You can also reach out to us on Whatsapp: 9773501485. To know more about us, visit our website [www.enhfoundation.in](http://www.enhfoundation.in).

- d. Research on a topic that you feel is crucial. New ideas are always welcome!

##### **2. Be an outreach volunteer: Awareness is the key**

- a. Reach out to 10 people around you and educate them about the problems in the Indian education system. Help us connect with at least 5 individuals who would like to be associated with the cause.
